Subject: 216 W Slauson - red tag report

Hi Mr. Rodriguez,
I'm the Federal On-Scene Coordinator overseeing the cleanup of the tanker explosion and gasoline release that caused a fire at a residential structure at 216 W Slauson Ave in Los Angeles. The structure is red-tagged by your department, and I need a formal report from your office to assist with getting the structure demolished.

To add to our issues, there are homeless people breaking into the house, creating a nuisance and a greater threat of fire or explosion due to the presence of gasoline vapors at the site.

Can you help and or direct me to an individual who can provide the report? This is a time-critical situation, so I appreciate any help you can provide.

Sincerely,

Ben Castellana Ph.D.
On-Scene Coordinator
US EPA Region 9
Superfund Emergency Response
